

Bride of Ashes

Goblin stone with runes stained o'r
Symbol of the promises restored
Two lands bound in death, in hate
Do not seal this dreadful fate

Chorus:

Bride of Ashes, Bride of night
You are the goblin king's delight
Ancient pact that binds man near
Bride of ashes bones and fear

Glamour strong around you cast
Binding you to shadows of the past
Goblins want what goblins will
Show no fear or blood will spill

Chorus:

Bride of Ashes, Bride of night
You are the goblin king's delight
Ancient pact that binds man near
Bride of ashes bones and fear

Goblin king in glowing light
Goblin hordes now cowering in fright
Do you honor; yes he will
Did you know his love will kill

Chorus:

Bride of Ashes, Bride of night
You are the goblin king's delight
Ancient pact that binds man near
Bride of ashes bones and fear

Instrumental Verse

Took you place she's standing by his side
Saved by grace, her vanity and pride
Can you prove you're worthy to be saved
Serve your people day by day

Chorus:

Bride of Ashes, Bride of night
You are the goblin king's delight
Ancient pact that binds man near
Bride of ashes bones and fear
