

Danny O

My Danny's not the kind of man my father wants for me
My oh, Danny, oh
But I'm a maid who's running wild and do just as I please
My oh, Danny, oh

The road and the path my lover. I will not have another
oh, Danny, oh
My oh, Danny, oh

Outside the leaves are fallin' winter a sharp wind callin'
Oh, Danny oh
Danny will be my lover. I will not have another.
Oh, Danny oh
My oh, Danny oh

The people here are bound to earth and plod the farmers
field
My oh, Danny, oh
And Danny watches stars at night and charts the
heavens' wheel
My oh, Danny, oh

Danny his eyes still blazing, talks as the skies are hazing
Oh, Danny oh
Danny will be my lover. I will not have another
Oh, Danny, oh
My oh, Danny, oh

I saw my Danny in a field a flower in his hand
My oh, Danny, oh
And I know I shouldn't be here but he is such a man
My oh, Danny, oh
Mystery's voice is callin'. Under it's spell I'm fallin'
oh, Danny, oh
Danny will be my lover. I will not have another
oh, Danny, oh
My oh, Danny, oh

They tell me he's not one of us and will not wait for me
My oh, Danny, oh
But I desire stars at night and flames that spark the trees
My oh, Danny, oh

When the spring comes I'm going. While the snows melt
is flowing
oh, Danny, oh
