Little Jackie Horner
Sitting in the Corner
Feeling pretty great about the good he's done
Other boys aren't very nice
Jackie gets some bad advice
Little Jackie's ride has just begun

Words of wisdom for another day
Dinga danga dong dong

All the little lessons hey de hey

Peter Pumpkin eater's wife
Led a very sheltered life
Spending all her day insider her pumpkin shell
So many things she doesn't see
Safe insider her bigotry
That keeping her inside is just as well

Georgie Porgie Pudding Pie
Am
Made the little girlies cry
They followed him around like he was something great
They didn't see he was a jerk
He had so many pretty perks
His current wife's correcting her mistake

Mary and her cockleshells
Heard the intellectuals
Giving strong opinions on the current news
Mary doesn't think she's smart
Maybe she had better start
Before repeating other people's views

We have many things that we can talk about
About blackbird pies and fiddlers and kings
But while we're taking coffee over hot cross buns
The knave of hearts is stealing from the queen

Killed her dainty appetite
She didn't stick around to give that bug a chance
Discovered accidentally
Their many commonalities
And now they're setting up a house in France
